

PRESS RELEASE

Houston, Texas, February 20, 2018

SABIC TO LAUNCH AT APEC 2018 NEW ADDITION TO PORTFOLIO OF ULTEM™ HIGH-TEMPERATURE DIELECTRIC FILM GRADES FOR CAPACITORS

SABIC, a global leader in the chemical industry, will introduce at APEC 2018 in booth #1728, a new ULTEM™ polyetherimide (PEI) dielectric film for high-temperature, professional-grade capacitor applications. The new film will be the latest addition to SABIC's growing family of ULTEM dielectric film technologies, developed to give customers in multiple industries – including automotive, defense, aerospace, consumer electronics, electric train and renewable energy – the ability to address increased temperature

and voltage requirements arising from advanced new designs.

SABIC's participation in APEC 2018 will also include a presentation by Application Development Technical Specialist, Neal Pfeiffenberger, Ph.D. Pfeiffenberger's presentation will focus on the new film and is scheduled for Wednesday, March 7, at 12:00 p.m., in session room 217C.

SABIC continues to invest in new material technologies for power electronics that address the growing need for lightweight, compact, high-energy density capacitors able to store large amounts of electrical energy for long periods without significant current leakage at high temperatures.

APEC 2018 will be held in the Henry B. Gonzalez Convention Center, San Antonio, Texas, from March 4-6. It will mark the first time that SABIC has exhibited at the event.

NOTE TO EDITORS ABOUT SABIC AT CHINAPLAS AND NPE 2018

SABIC will exhibit at Chinaplas 2018 (booth #6.2G51) in Shanghai, China, from April 24-27, 2018, and at NPE 2018 (booth #S19001) in Orlando, Fla., USA, from May 7 – 11, 2018. At both events, the company will share new developments and showcase a range of innovative solutions from both its petrochemicals and specialty plastics portfolios for end-use applications across multiple industries, including transportation, building & construction, healthcare, consumer, electronics & electrical, and packaging.

ABOUT SABIC

SABIC is a global leader in diversified chemicals headquartered in Riyadh, Saudi Arabia. We manufacture on a global scale in the Americas, Europe, Middle East and Asia Pacific, making distinctly different kinds of products: chemicals, commodity and high performance plastics, agri-nutrients and metals.

We support our customers by identifying and developing opportunities in key end markets such as construction, medical devices, packaging, agri-nutrients, electrical and electronics, transportation and clean energy.

SABIC recorded a net profit of SR 17.8 billion (US\$ 4.8 billion) in 2016. Sales revenues for 2016 totalled SR 132.8 billion (US\$ 35.4 billion). Total assets stood at SR 316.9 billion (US\$ 84.5 billion) at the end of 2016. Production in 2016 stood at 72.7 million metric tons.

SABIC has more than 35,000 employees worldwide and operates in more than 50 countries. Fostering innovation and a spirit of ingenuity, we have 12,191 global patent filings, and have significant research resources with innovation hubs in five key geographies – USA, Europe, Middle East, South Asia and North Asia.

The Saudi Arabian government owns 70 percent of SABIC shares with the remaining 30 percent publicly traded on the Saudi stock exchange.
