## **Polymer Resources to Announce at NPE2018 New Enhancements to Robust Customer Services Offering for Compounding Success**

**Farmington, Conn.** – Polymer Resources Ltd., a leading U.S. compounder of high-quality engineering resin, will discuss new additions to its portfolio of customized services at NPE 2018, May 7-11 in Orlando, Fla. The new customer-centric capabilities include significant expansion of the company's Express Services offering for compounds, a new expedited service for color matching and additional stocking programs for shorter delivery times. These investments

strengthen Polymer Resources' commitment to fast, personalized service for its customers.

At its booth (#S15175), the company will showcase examples of resins produced using its precision color-matching service, which employs sophisticated technology to formulate, test and deliver colored compounds with lot-to-lot consistency.

Polymer Resources will have its team of technical experts, including the company's lead color engineer, formulation chemists and process experts, available throughout the show to discuss the company's robust product portfolio. The leadership team, including Owner Les Klein, will be on hand to discuss the company's full range of customization and technical support services that help North American and international organizations meet and exceed their business goals.

## **About Polymer Resources**

Headquartered in Farmington, Conn., Polymer Resources is a leading, privately owned U.S. supplier of high-quality customized specialty engineering resin compounds, color-matching services and related materials technology solutions for the electrical, medical, consumer goods, business equipment and automotive industries. Operating with an extensive list of UL-approved products, it is one of very few polymer suppliers that backs its compounding and color match services with a quality guarantee. The company's commitment to customer service, financial discipline and foresight for over 44 years has made it a reliably steady resource for specialty compounds in the often volatile plastics industry. With operations in Farmington and Rochester, N.Y., Polymer Resources continues to fuel its growth through ongoing investments in its manufacturing assets and its top industry talent. The company's direct sales force and local warehousing throughout the United States enable on-time delivery and fast, local customer service anywhere in the country.
